Membership Registration

Swansea Hackspace is a members-owned, non-profit company. Members have a say in the running of the organisation as well as access to the space and its facilities. Membership is paid monthly, all staff are unpaid volunteers, and all money goes towards the running costs of the space, which is not cheap, so please give as generously as you can. There is a one-off sign-up fee of £20, and we request a minimum payment of £10 per month.

UK Law requires that you provide your legally recognised name and address in order to join.
